

Professional Curriculum Vitae

Gábor Nagy Hungary

I was born in 30th of October 1994 in Vásárosnamény. After the secondary school I started to work in **the family business**. We have a flower shop in our city what is running since 2006. I started to deal with **flowers** and **floristry** ever since. Next to the floristry I deal with 'fine arts' (painting, sculpting, graphics).

In the secondary school I had won several local and **national art competitions**.

After my mother's **master florist exam** I started to take a part in florist competition in Hungary.

In 2015 I got the **3rd place** at Advent competition and next spring I won the trial competition of Worldskills 2017 in Hungary.

Even that year I won the **1st place** on the „beautiest autumn bouquet“ competition and the **2nd** place at Advent competition.

In 2017 I took a part in the I. Bridal bouquet competition where I got the **2nd** place. On the Flora Hungaria I had a floral demonstration with Andrea Klein master florist. The theme of the demonstration was „all about spring bouquets“

In 24th of July 2017 **I won the Hungarian Championship** what is my biggest pride.

I love to work with **flowers** and I always wanna be a **florist**. I always do my best in a competition and in my life. I am very excited to take a part of the **EuroFleurs**.
